co-founder of Takachar, a company that recycles agricultural waste into marketable carbon products, offering an alternative to the heavily polluting practice of burning agricultural byproducts. Vidyut Mohan was named an UNLEASH Energy Talent in 2017.[6] In 2019 he received an Echoing Green fellowship and was included on Forbes's "30 Under 30" list in the social entrepreneurs category.[4]

In 2020 Mohan was honored as one of the United Nations Environment Programme's Young Champions of the Earth, an award that comes with financial support for his project as well as access to mentorship.[4]

Vidyut Mohan and Takachar received the 2021 Earthshot Environmental Prize, awarded by the UK's Prince William to exceptional innovators working to find solutions that combat the existential threat of climate change. They were one of five finalists in the "Clean our Air" category, and received a prize of one million pounds.[7]

former Indian Administrative Service officer and Revenue Secretary in the Government of India. Rai was voted one of The 25 Most Powerful women in Business in India in 2020

As Chhattisgarh correspondent for The Hindu newspaper Sethi reported extensively on Maoist insurgency in the state for two years.[4][5] He also won the International Red Cross committee award for the best Indian print media article on humanitarian issues in 2011.[6]

In August 2012, Sethi was named The Hindu's Africa correspondent, based in Addis Ababa.[7]

He was awarded the Shanti Swarup Bhatnagar Prize for Science and Technology in 2005, the highest science award in India, in the mathematical sciences category. His citation read "Dr Paranjape has made outstanding contributions in the field of algebraic geometry, especially the theory of algebraic cycles. He has made highly significant contributions in connecting Hodge Theory to the study of Chow Groups. He has also established deep relations between Calabi-Yau varieties and modular forms.".[5][6] He is also a recipient of various other honors, among them are
